

PROGRAM
SONOMA COUNTY CLIMATE ACTIVISTS COMMUNITY SUMMIT
SUNDAY JANUARY 10, 2021, 2:00 – 5:00 PM

Due to the high number of attendees, breakout sessions have become impractical. We regret we will not be able to offer them. Instead, we decided the time would be better spent on more in-depth Q&A. Therefore start times for presentations have been revised. We look forward to offering outdoor field trips this summer (socially distanced, of course). The field trips will offer more opportunity to talk, interact and build community. We hope you will join us!

We will prepare a recording of the summit with Spanish subtitles to share after the event. Please stay tuned!
